# CITY OF LEDUC

## 2019 • 2022

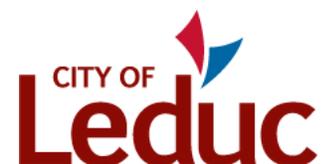

# CORPORATE BUSINESS PLAN

The City of Leduc 2019-2022 Corporate Business Plan provides a high-level overview of the important initiatives across the entire organization. It covers the community and council priorities contained within the 2019-2022 City of Leduc Strategic Plan with organizational priorities.

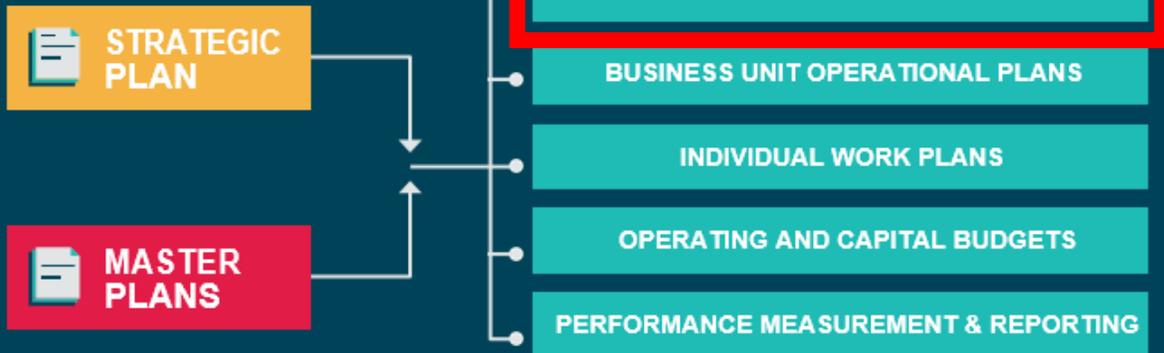

Many inputs were used in the development of the Corporate Business Plan, including a review of major master plans and surveys, the city's Municipal Development Plan and numerous meetings with management and staff comprising a diverse cross-section of subject matter experts.

Improvements to the plan and the process continue to evolve. The results of the various workshops demonstrate that there are many great ideas to be explored and implemented. As such, ongoing feedback and participation in the process is most welcome and appreciated.

We will continue to seek out and use multiple inputs in the process to ensure we have a greater understanding of our challenges, our opportunities and a meaningful way forward.

WHAT DO THE STRATEGIC PLAN  
AND MASTER PLANS INFLUENCE?

# Corporate and Community Mission

*A mission statement is a statement of purpose; a statement about what we currently do. Its purpose is to provide focus and direction.*

Our community and corporate mission is

**People. Building. Community.**

## Corporate Vision

*A vision statement is a statement about what kind of organization we want to become in the future. Its purpose is to provide a clear guide for current and future direction and decision-making.*

Our corporate vision is similar to our community vision and reads

**Inspiring successful people, a great life and a thriving region.**

# Corporate Values

## We serve our community for success

We are a committed city team who provide excellence in customer service to our citizens, business community, visitors and one another. As ambassadors, we strive to enhance the quality of life for those who live, work and play in our community.

## We support one another

We care for and about our colleagues. Each one of us works to make a difference in our community by always bringing our 'A' game to the work that we do and being accountable for the decisions that we make. We are stronger together because we are team players.

## We have fun

We believe that life and work are integrated and it is important to enjoy both. Our colleagues are encouraged to think about how they can add fun to their day and how they can love their work. They want the City of Leduc to be an enjoyable workplace where people celebrate the talents and diversity of one another. Share a coffee. Share a laugh. Make a friend.

## We collaborate to get the best result

We value the diverse perspective of our colleagues and regional partners to drive our community and region forward. Through knowledge sharing, networking and communicating, we create a positive environment that facilitates our future successes.

## We strive for continuous improvement

We value the freedom to explore service delivery and business improvement opportunities and learn through our mistakes. We assess and manage risk and are committed to working smarter, not harder, through professional growth and development.

# Executive Commitment

## We are committed to implementing council's strategic plan

- Council has set a direction for the organization by developing the City of Leduc 2019-2022 Strategic Plan. They expect, and we will deliver on it to the best of our ability. It's a high-level document that forms the basis of the annual report. Council reviews the plan annually and receives interim updates twice per year.
- Council focused on the things they wanted done that they deemed new, transformational or needing additional focus. As such, the Strategic Plan and the Corporate Business Plan are not intended to be comprehensive. Rather, they highlight where focus is required rather than all of the good work we already do.
- The Corporate Business Plan helps the organization understand what types of actions we can take over the next four years to meet council's expectations. It's been extended to a four-year timeframe—matching council's strategic plan.

## We are committed to working together—for our colleagues and our community

- Every one of our colleagues contributes to our progress by *how* they work—living and embodying the community values council has identified as well as the corporate values contained herein.
- Others will have a more direct connection through the strategies, actions and key performance indicators that are outlined in this plan. It is expected that these connections are clearly identified in your business operational plans and related budget.
- A great deal of our operations are just that—operational as opposed to strategic. However, both are equally important in achieving great things for this community.
- The executive team takes responsibility for the additional focus area of “organizational excellence” within the corporate business plan. It's where we identify and track how we keep the foundation of our people, systems, data and technology strong so we can do what we need to, when we need to.

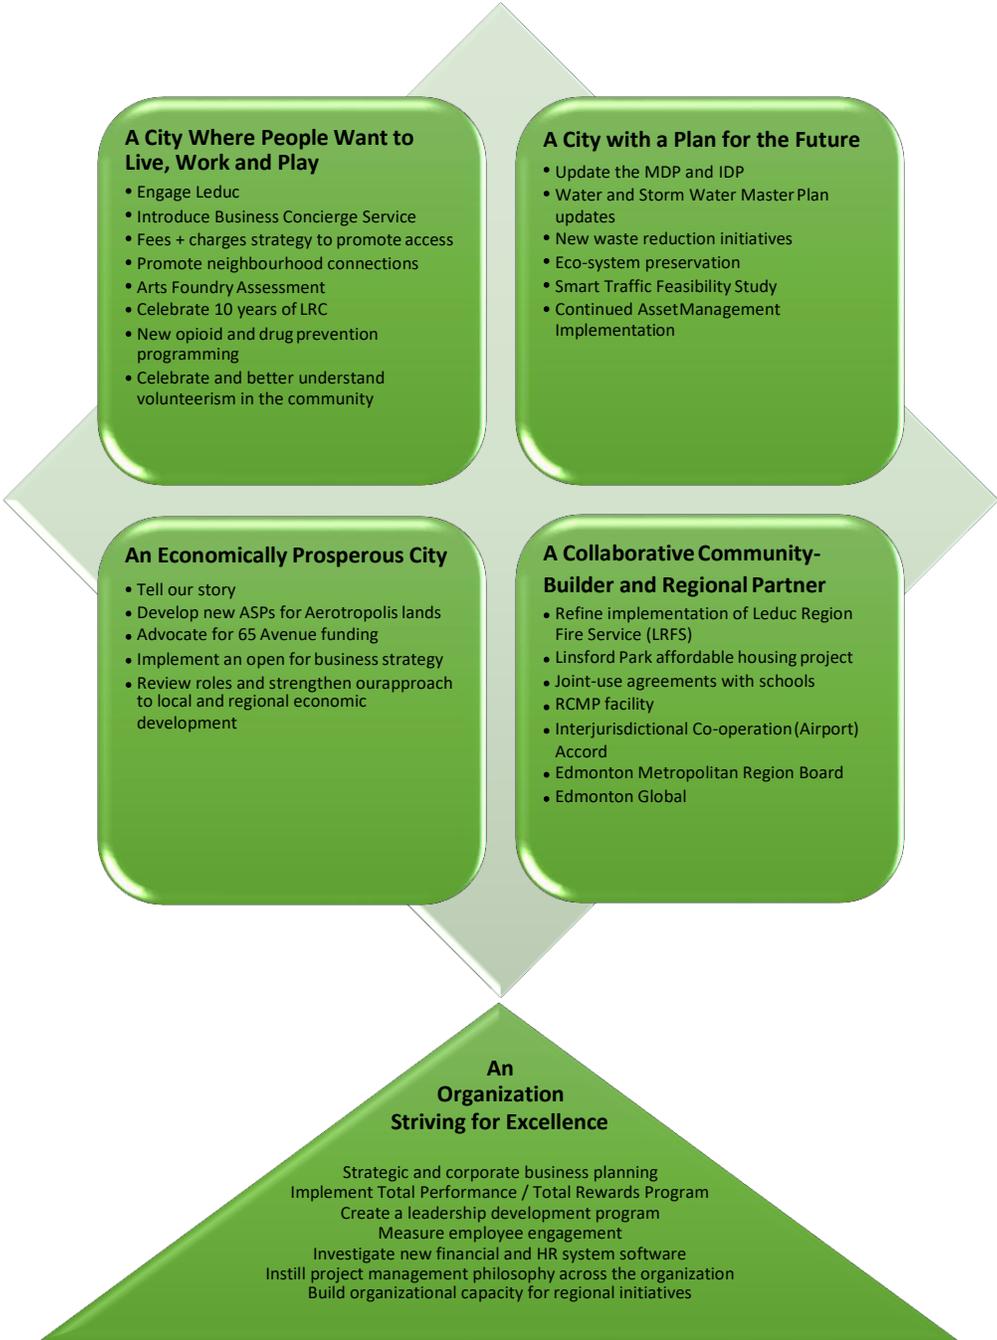

## We are committed to reporting on our progress

- Reporting on our progress is how we remain accountable to the plan and support transparency—an important value identified by council that we will uphold.
- The executive team will be reviewing reports quarterly, based on the actions outlined in the Corporate Business Plan. Quality updates need to be documented and provided regularly.

# 2019 Year-at-a-Glance

Executive provides clarity and direction to help us overcome challenges and leverage opportunities. As such, the executive team developed five statements for 2019 that identify our primary areas of focus. The initiatives identified are examples of the work either underway or to be taken in 2019 that support these focus areas.

# Goal 1 – A City Where People Want to Live, Work and Play

## Outcome

- 1.1 The City of Leduc is recognized as a great place to live as it is a safe, healthy, active, creative and caring community. It has a solid reputation for active citizen engagement and inclusivity, as well as respect for diversity. # 2019-2022 Strategic Action Plan

*The strategic action plan is a new addition to our corporate business plan. It contains the proposed actions that will likely be undertaken in the organization from 2019-2022 that will contribute to the achievement of our outcomes in the strategic and corporate business plans. While this information was captured at a point in time, bi-annual reviews of these actions will take place to adjust to changes in our internal and external environment. These actions should be embedded in the appropriate business unit operational plans and will form the basis for reporting progress to Leduc City Council and the Executive Team in each given year.*

# Glossary of Terms

## **Action**

An initiative (project, program or process), in direct alignment with strategic or corporate business plan strategies, that, if completed, will contribute to the achievement of an outcome. This is about **what** we are going to do to achieve a strategy.

## **Ambassador**

A person who acts as a representative of the city. All City of Leduc employees that have direct or indirect contact with the public are ambassadors.

## **Business Unit**

A team of individuals providing a unique service led by a director or manager. Example: Information Technology.

## **Capacity Building**

The process of developing and strengthening the skills, abilities, processes and resources that organizations and communities need to survive, adapt and thrive in a changing world.

## **Corporate Business Plan (CBP)**

Developed by the executive team, the corporate business plan identifies organizational goals, outcomes and strategies. The CBP provides direction to employees about how to achieve council's strategic plan.

## **Corporate Planning System**

The execution of the corporate planning framework (strategic planning process, corporate business planning process, business unit operational planning process) and the utilization of dedicated resources (staff complement, operating and capital budgets, CAMMS software) to deliver forward-thinking direction for the community.

## **Culture**

A system of shared assumptions, values and beliefs that govern how we behave in our organization. These shared values have a strong influence on employees and dictate how we present ourselves and perform our jobs.

## **Department**

A group of business units providing similar or complementary services lead by a general manager. There are three departments in the City of Leduc: community and protective services, corporate services and infrastructure and planning.

## **Executive Team**

This is the top level of administration and includes the City Manager, General Manager of Community and Protective Services, General Manager of Corporate Services, General Manager of Infrastructure and Planning and the City Solicitor.

## **Extended Leadership Team**

This level of management includes all directors and those managers that report directly to a general manager.

## **Goal**

A grouping of similar outcomes based on a common theme.

## **Governance**

How society or groups within it, organize to make decisions. The governance structure determines who has power, who makes decisions, how other players can make their voice heard and account is rendered.

### **Mission**

A written declaration of the organization's core purpose and focus. This declaration typically does not change over time.

### **Operational Plan**

An annual plan that identifies alignment of a business unit's operations with the corporate business and strategic plan. The operational plan is developed by a director or manager and outlines the business unit's service profile(s), stakeholders, risk analysis, strategic initiatives and performance metrics.

### **Organizational Alignment**

Linking an organizations structure and resources with its strategy and business environment.

### **Organizational Effectiveness**

The effectiveness to which an organization achieves its outcomes and performs a function at optimal output levels without excessive inputs.

### **Outcome**

Something that happens as a result/consequence of an activity or process that provides a long term and enduring benefit. This is about **why** we do something.

### **Performance Management**

A holistic approach to planning, monitoring and reviewing an employee's performance through cooperation and partnership. Its purpose is to establish a common understanding of clearly defined work expectations.

### **Performance Measurement**

Regular measurement of corporate outcomes and results, which generate reliable data on the effectiveness and efficiency of initiatives.

### **Strategic Plan**

The strategic plan is developed by council and identifies their community goals and outcomes for their electoral term.

### **Strategy**

A method to bring about a desired future. This is about **how** we achieve an outcome.

### **Task**

Identification of specific elements and responsibilities that must be actioned in order to complete a broader action.

### **Values**

Values are foundational, desired behaviors that govern how we interact with others, make decisions and conduct business. Values are teachable, observable and coachable.

### **Vision**

An aspirational description or story of what the organization would like to become in the mid-term to long-term future. A vision provides the organization with a road map for setting a defined direction for future courses of action.

## STRATEGIC PLANNING COMMITTEE COUNCIL GOVERNANCE

---

### **Council Governance:**

From a literal point of view, there seems little difference between “governance” and “government”; however, the term ‘governance’ has taken on a much wider meaning. Accepted characteristics of good governance include participation, rule of law, transparency, responsiveness, equity, inclusiveness, effectiveness, efficiency and accountability.

A survey on the *Attributes of Effective Governance* was sent to Council, Executive and Directors. The survey asked a variety of questions on issues that contribute to good governance.

### **Council Appointed Boards & Committees:**

The Municipal Government Act (“MGA”) states that one of Council’s principle duties is to participate in developing and evaluating the policies and programs of the municipality. The MGA provides Council the ability to establish and delegate responsibilities to Committees. It has been recommended that Council’s assess the Committee structure to determine if the Committees are sufficient, or still required, in order to meet objectives.

Committee-of-the-Whole: The purpose of a Committee-of-the-Whole (“Committee”) is deliberation. The Committee is where Administration can solicit the view of the members on different issues facing the municipality and where members can direct Administration to investigate matters and report back to either Committee or Council. The Committee structure allows a relaxation of limits on debate, allowing a more open exchange of views without the urgency, or formality, required by voting. However, in Leduc, decisions are not made at the Committee level. After debating, the Committee must submit its conclusions to Council (that is, to itself) where decisions can be voted on.

The City of Leduc’s current governance model incorporates a network of Advisory Committees supporting a Committee-of-the-Whole structure. This is in contrast to a system of Standing Committees with specific subject matter jurisdiction. For example, a Finance Committee, Public Works Committee or a Community Services Committee.

Advisory Boards & Committees: Members of Leduc City Council are currently members of 12 internal boards/committees (including CoW) and 15 external boards/committees. A fulsome review of internal boards/committees has not taken place for a number of years.

A survey was completed of the Committee structure within mid-sized cities (Attached). A one-to-one comparison is difficult due to the fact that some municipalities have full time Councils. However, you can see that many of our direct comparator municipalities, such as Airdrie, Spruce Grove, Fort Saskatchewan and St. Albert have far fewer Advisory Committees than the City of Leduc. The Council Remuneration Committee in their final report stated that: “An estimate of time spent by Council members on essential activities and meeting preparation is approximately 80 hours per month, not including citizen engagement or optional activities which can take place on a daily basis.”

This Strategic Planning Committee has the opportunity to assess the current established internal boards/committees and determine if they are sufficient, or still needed. While it can be difficult to make decisions to change, or even retire, an internal board/committee, it
